

Mag. (FH) Cornelia Stumptner

Cornelia Stumptner (f) is manager of the BBMRI.at project since 2013. She holds a Master's degree in international marketing management and sales and a degree in Biomedical Analytics. Before her management position in BBMRI.at, C. Stumptner has been working in biomedical research at the Institute of Pathology (Med Uni Graz) for more than 15 years and has published over 40 scientific papers. Since 2018, she is member of the Austrian Standards Institute, the CENTC140/WG3 'Quality management in medical laboratories', ISO/TC212/WG4 'Microbiology and molecular diagnostics' and ISO/TC276/WG2 'Biobanks and bioresources'. She contributes to the development of CEN/TS and ISO standards for 'Molecular in vitro diagnostic examinations – Specifications for preexamination processes' and co-coordinates the development of "ISO 20166-4 FFPE in situ detection" and the 'CEN/TS human specimens – microbiome DNA'. Since 2017, she is member of the H2020 project SPIDIA4P.
