

B3Africa - Foundation of a global research infrastructure for biobanking

Africa-EU Partnership Kick-Off Meeting

The University of the Western Cape, Cape Town (South Africa) is hosting the first meeting of the newly launched project "B3Africa – Bridging Biobanking and Biomedical Research across Europe and Africa" on 24-25 August 2015.

The European Biobanking Infrastructure BBMRI-ERIC and the Institute of Pathology at Medical University of Graz are among the project partners.
