

How to build a Biobank - Learning by Doing

Date: September 16-18, 2015

Location: Medical University of Graz, Austria

Organizer: BioBank Graz - a BBMRI.at-associated biobank

This interactive 3 day course has been designed for all those who are involved in setting up a new biobank, who look to collaborate with a biobank or research institute, who face the challenges of a growing biobank or who try to overcome the challenges of maintaining a large biobank. The format of this course is a mixture of presentations and discussion sessions allowing participants to learn from the expert advice and the specific experience of their peers. Bring your questions with you for discussion!
