

### Biobank-Workshops at BBMRI.at Partners Medical University of Innsbruck

The new sample quality standards - **CEN/TC Technical Specifications for "Molecular in vitro diagnostic examinations - Specifications for pre-examination processes" (CEN/TS)** were introduced in a Biobanking-Workshop at the BBMRI.at partner Medical University of Innsbruck (June 13, 2017).

The information event was aimed primarily at those responsible for research-oriented collections of human tissue and fluid samples and was supported by the Knowledge Transfer Center West and the Tirol agency.

Following short presentations by biobanking and/or quality experts, participants and experts discussed the implementation of these standards as well as the resulting challenges and requirements for biobanks and collection managers.
