

**BBMRI.at with Biobank Graz and Institute of Pathology at EuroNews  
"European researchers tackle cancer with Biobanks"**

A journalist and film team from EuroNews that cooperations with the European Commission visited BBMRI.at at Medical University of Graz in December 2018 to make a film about the H2020 project ADOPT BBMRI-ERIC.

The film was broadcasted on EuroNews TV in several countries in more than 30 languages over one week and is now available online.
