Opportunities and risks for research blobanks in the COVID-19 era and beyond Biopreservation and Biobanking (Dec 20)

German Biobank Node

• German Biobank Node provided €3.5 Million in funding for a further 3 years —

bhypro de

*How biobanks can support personalized medicine — Dec 20
Biobanks should be an integral part of a comprehensive research platform, not
exclusively viewed as a service provider or freezer farm managed with excel sheets. For
biobanks to be viewed as a contributing partner and one that can support personalized
medicine, there are a few critical components you need in your software.

*Becoming and being a biobank donor: The role of relationships and ethics **Extracts (nigs. crit (Nov 20)**

**Extracts

The aim of this paper is to explore what the role of donor's relatives and friends is in the process of becoming and being a biobank donor and which ethical issues arise in this context.

understanding - pubmed.ncbi.nim.mih.gov (Dec 20)
Biobank participants under an integrated consent model had significant
misunderstandings that persisted despite an attempt to improve information
specifically about those topics in a consent form. ...

*Landscape of pediatric biobanking: Challenges and current efforts - Biopreservation

and Biobanking (Dec 20)

This article highlights the need for establishing pediatric biobanks, ...
