International IT Symposium by BBMRI & ESBB

Federated Search & Data Analysis Platforms & Biobank Information Management Solutions

BBMRI-ERIC and ESBB jointly organize this virtual symposium to evaluate available IT solutions to fulfil the increasing needs and challenges both for local Biobank Information Management Solutions and Federated Search & Data Analysis Platforms.

This is done in alignment with the EU Data Strategy, the European Open Science Cloud and ongoing needs to overcome the COVID pandemic.

- 21 January 2021, 13:00-17:15 CET (Topic: Federated Search & Data Analysis Platforms)
- 22 January 2021, 10:00-12:30 CET (Topic: Federated Search & Data Analysis Platforms)
- 25 January2021, 10:00-17:00 CET (Topic: Biobank Information Management Systems)

Details and programme>>

Registration open and free or all BBMRI-ERIC and ESBB members>>
