

TEDx Event by BBMRI.at Partner Med Uni Graz
"Think Creative! Be Innovative"

Creative ideas are the basis for innovations. They emerge in many situations of our daily life – also in medicine and basic research, to which biobanks contribute with their expertise and biobanking services.

Innovation in medicine and healthcare is thus an interdisciplinary research area with significant effect on the future of medicine and healthcare.

When & Where:

Sep 13, 2019, Doors open: 01.00 – 07:00 p.m.

Auditorium - Universalmuseum Joanneum, Joanneumsviertel, 8010 Graz
