BBMRI.at & BBMRI-ERIC News

- Publications: Sars-CoV-2 Sars-CoV-2 test specificity & sensitivity - Research results an Austrian cohort at MedUni Wien Biobank – Sep 2022
- BBMRI.at in biobanking session at of United Nations Assembly Science Summit – 27 Sep 2022 – LATE REGISTRATION possible
- Meet BBMRI.at at its expert both at LISAvienna Regulatory Conference for Medical Devices & IVDs – 13 Oct 2022
- Presentation on “Digital Pathology & AI” and “Quality” by BBMRI.at partners at [European Congress of Pathology](#) and the [EBW Roadshow](#) - Sep 2022

Global Biobanking News

- 

• Machine learning powers biobank-driven drug discovery - Nature (Sep 2022)
Companies are moving into the applying machine learning to massive collections of human omics data clinic target discovery. [...]
- 

• World's largest imaging dataset to understand disease created at UK Biobank – Chan Zuckerberg Initiative (Sep 2022)
The collection of whole-body repeat imaging scans of 60,000 UK Biobank participants will provide researchers with a unique set of longitudinal measure [...]
- 

• The UK Biobank at 20 - Nature reviews drug discovery (Aug 2022)
The UK Biobank houses samples and data from 500,000 volunteers. 30,000+ industry and academic researchers worldwide mine this dataset. Only last year this lead to 1,700 publications. Read more about the limitations UK biobank faces and about new plans [...]
- 

• Neue GBN-Koordinatorin für IT: Zdenka Dudová – GBN (Sep 2022)
Ab 5. Sep. verstärkt Dr. Zdenka Dudová den Arbeitsbereich IT-Koordination des GBN. Gemeinsam mit Dr. Cecilia Engels wird sie am Ausbau des GBA IT-Netzwerks arbeiten [...]
- 

• Quality assurance in tissue biobanking - an overview – DerPathologe (Sep 2022)
Herausforderungen und Chancen bei der Implementierung einer umfassenden Qualitätssicherung im Biobanking und Lösungsansätze für das Gewebebiobanking [...]
- 

• Validation of models for predicting colorectal cancer risk using Chinese biobank - BMC Medicine - BioMed Central (Sep 2022)
This study aimed to assess the performance of risk scores in predicting CRC using the China Kadoorie Biobank (CKB), one of the largest and [...]
- 

• 7.9 million USD funding to continue cancer biobank - Newswise (Sep 2022)
In all, the Biobank study is expected to collect biospecimens from more than 1,000 participants. Funding comes from ...

Upcoming Events

- UNGA Meeting | Sep 27, 2022 | hybrid
- EBW Roadshow on “PEDIATRICS” | Oct 13-14, 2022 | Rome, IT
- BBMRI.OM Academy Webinar “Frozen Tissue Collection & Biobanking” | 15 Nov 2022 10:00-12:00 | virtual
- EBW 2023 | Apr 24-28, 2022 | Bologna, IT
