

Fulbright Medical University of Innsbruck Visiting Professor - Award

Teaching and doing research in the heart of the alps!

If you are an US-American based Professor or Senior Academic, specialized in medical sciences, life sciences or molecular life sciences, and want to teach and do research at the Medical University of Innsbruck for four months, take the chance and apply for the Fulbright Scholar Program "Medical University of Innsbruck Visiting Professor".

Tyrol and the provincial capital, Innsbruck, constitute one of the pillars of the Fulbright Program in Austria. The Medical University of Innsbruck is a renowned university in the Austrian educational landscape and beyond, with a strong portfolio of academic fields in addition to medicine, including life science and basic science.

If you want to become a Visiting Professor and explore the academics at the Medical University of Innsbruck, apply now!

Application deadline: 15 Sep 2022
