Sep 3-7, 2022: European Congress of Pathology | Basel, CH & online

BBMR.at Director Kurt Zatloukal (Med Uni Graz) will chair a session and give a presentation on quality, standardization and pre-analytics:

- Session: SY-20 - Molecular Pathology: Standardisation of molecular pathology analyses in Europe
- Date & Time: 7 Sep 2022, 02:00 PM - 04:00 PM

Sep 5, 2022: Launch of the Digital Pathology and AI Interaction Platform - in the context of the European Congress of Pathology in Basel

In the context of the EU-funded project **BigPicture** (www.bigpicture.eu), which aims at creating a central repository of digital pathology slides to boost the development of artificial intelligence, an interaction platform between the scientific experts, regulatory and health authorities for clinical whole slide images and AI is established.

This **Digital Pathology and AI Interaction Platform** will be launched in the context of the Congress of the European Society of Pathology (ECP).

Main co-organizer of this event and speaker is **BBMRI.at director Kurt Zatloukal** (Med Uni Graz), who co-leads BigPicture work package 5 "Regulatory framework for digital slides and AI-based methods".

He gives a presentation on "Challenges and requirements for clinical slides".

Sep 19-20, 2022: EBW Roadshow on "QUALITY" | Regensburg, DE

The event is framed by the first meeting of the Bavarian Biobank Network on the morning of the first day and hands-on training by the BROThER Summer School.

- Keynote by Carolyn Compton (US)
- Further sessions:
 - The Bumpy Road to Accreditation
 - Roadmap to Quality – A Guide to Reach the Aim of Accreditation
 - Data Quality – More Than a Trailer
 - Quality as a Driver for Biobank Innovations.

GBN Workshop: Biobanking in Microbiome Research

BBMRI-ERIC
1,867 followers
4d • Edited •

We welcome Helmut Haslacher, Head of Preanalytics & Biobank, Medical University of Vienna, at the quality stage of #EBW22 Roadshow on 19-20 September.

Dr. Helmuth Haslacher (BBMRI.at WP3 quality management leader; Head of Med Uni Wien Biobank):

Presentation „Validation of methods: How time complicates the ability to validate the entire workflow”

Co-chair of session 4 "QUALITY AS A DRIVER FOR BIOBANK INNOVATIONS" (19 Sep 2022)

His session is entitled: "Validation of methods: How time complicates the ability to validate the entire workflow"

Helmuth Haslacher has a background in medicine, molecular biology and political science. He is a specialist in laboratory medicine at the Medical University of Vienna and heads the Liquid Bank of the MedUni Vienna Biobank. At BBMRI.at he leads the work package on quality management. Helmuth established the BBMRI.at cross-audit programme, which is currently in its second round. His research interests are in the areas of biomarker research and evaluation of pre-analytical conditions.
