

Vacancy note

Quality Manager with data management focus

The Central Executive Management Office of BBMRI-ERIC, Department of Quality Management, Graz, Austria

Apply by 15 September 2023

The BBMRI.QM Headquarter is looking for a competent quality manager with focus on data management.

With 24 member states, BBMRI-ERIC is one of the largest European research infrastructures for biobanking and biomedical science. As part of an international team, your tasks will include contribution to data-quality related aspects of EU projects, representation of the management in quality matters and the implementation of effective data quality management services, among others.

The office of BBMRI.QM is located in the ZWT on the Medical University of Graz campus; remote working options can be negotiated.

Application deadline is 15 September 2023 - anticipated start of work as soon as possible.
